Wrapping

*Binding Edge collaborates with printers and publishers throughout the country as an extension of your in-house team to offer mechanical binding and other graphic finishing services, including tinning, folding, collating, banding, drilling, shrink wrapping, and kit assembly.*

## **Feel the Need for Speed?**

*We continue to invest in highly efficient equipment  
because we are here for the long haul.*

**Our Efficiency Drives Your  
Cost Savings of Up to 20 Percent**

*Our **Bielomatik** fully automated binding line  
for spiral wire and plastic binding  
operates at speeds up to 24 books/minute.  
Customers realize savings of up to 20 percent  
over more labor intensive options,  
and shipping costs are readily offset.*

Smart. Very Smart.

Our people know their stuff because they've been with us for a long time.

## Our "Can Do" Team Shines Through on Tough Projects and Makes You Look Great

*A strong culture of flexibility and creativity means we accept and excel at challenging projects. You issue one purchase order and can be confident all of your finishing services will be done right, under one roof.*

*Said one customer:  
"I have yet to find a source as conscientious as Binding Edge."*

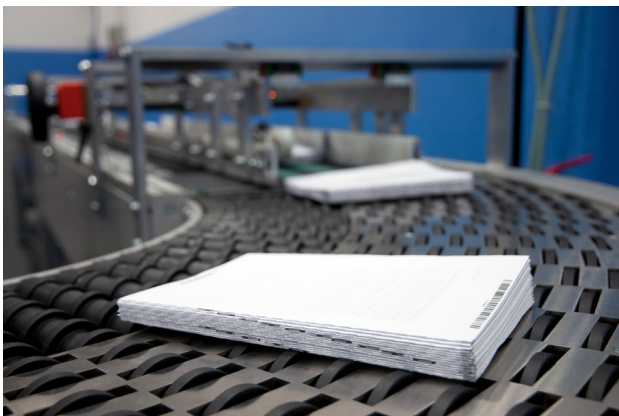

## Some of the Best Work in Our Field.

*Our Wisconsin work ethic means  
we are diligent, agile, and efficient.*

## **Competitive, Flexible Run Quantities Set Us Apart**

*Our production lines can easily accommodate  
run lengths from one to millions of bound books.*

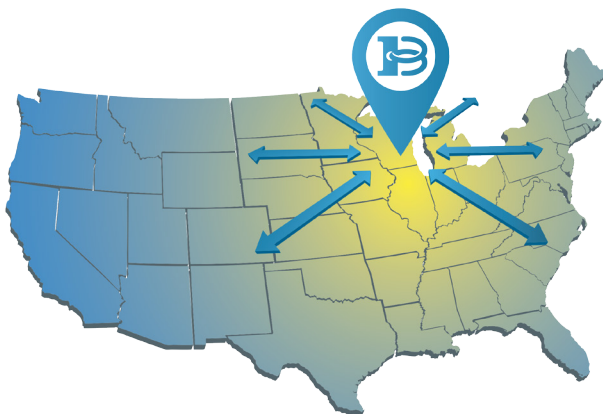

## A Sweet Spot.

*Logistics so easy, our customers  
come back for more.*

**We're Located in the Heart of  
Wisconsin's Paper Valley**

*Binding Edge is conveniently located in  
Northeastern Wisconsin and readily serves printers  
and publishers throughout the Midwest and beyond.  
We ship to distribution centers across the U.S.*

# Get Your Ducks in a Row.

*Align with us and we'll go places together.*
